

## JUBILEE TREES

The rowan trees, the weld mesh guards and the slate markers have been ordered and paid for and should all arrive in the next week. Confirmation of the siting of the trees in the villages/hamlets will be ascertained shortly

It is thought that an ash tree with die back will have to be felled in the near future at the end of the drive at Ryall House, Ryall. It is on land that is owned by no-one. The owner of Ryall House agrees with the tree felling. The tree officer, Emma O'Bryen, is in correspondence with the relevant person at Dorset County to finalise matters about this. If the felling goes ahead, it has been suggested that the Jubilee Tree for Ryall should be put in its place.

## SURVEY OF GRIT BINS

This work is in progress across the parish to check whether any bins need refilling and/or repairing.

## WALKERS BENCHES

Mr Burleigh from Monkton Wyld is willing to make benches, similar to the one at the top crossroads in Monkton Wyld, for £250 each. There is a request for one on Loves Lane, Morcombelake. This is the only request we have received so far.

## PICNIC TABLE AT WOOTTON FITZPAINE

With regard to this research has been done into the Orwell Range of recycled outdoor picnic tables made of rattan and teak. The prices are as follows

122 cm 4-seater = £529.99 180 cm 4-seater = £749.99 238 cm 4-seater = £949.99. A decision can be made at the CVPC meeting about which one to purchase.

## WHITCHURCH PLAY AREA EQUIPMENT

We are awaiting information from the people running the Play Group.

## NOTICEBOARDS

The Lengsthman has suggested that the 3 lockable noticeboards should retain their keys but have them on a chain secured to the board so that they are not lost.

The fablon to cover the Fishpond noticeboard has not yet been applied. With regard to the Wootton noticeboard we are waiting on the Pass Housing Association to send CVPC a map of the exact location and a permission letter.
