

Councillor's Report to the Parish Council Meeting – January 2021

1. I was asked to send out the old and new version of the minutes of the November meeting to show the proposed new house style and format. I will do this as soon as I receive the minutes of the November meeting.
2. I was asked to contact local farmers and the National Trust about the NT's signage concerning dogs worrying livestock. I talked to Jon Sibthorp, Ranger on the NT Golden Cap Estate and he confirmed that there is a strict NT policy on this, because it has to reconcile the wishes and needs of tenant farmers, paying members, dog-walkers and others. There is, therefore, no chance of the current signage being changed locally. He offered to put me in touch with the Head of Walking a Fine-Line (not sure if that was the exact job title) for an official statement on this, if we needed it. I said I would ask the council but thought not.
3. I updated Cllr Simon's details on the website as requested.
