

Farming Working Party report for November 2021

We have this month tried to give ideas of prices for input and outputs on a mixed farm

Milk price year 2008 - 26.84ppl, 2018 - 28.86ppl, 2019 – 25.50ppl,
2020 – 26.24ppl, 2021 – 28.06ppl average for year

Beef dead weight prices Oct 2017 R4L grade £3.66 per kilo

Oct 2021 R4L grade £4.08 per kilo

Lambs new season dead weight Oct 2017 R3L grade £4.10 per kilo

Oct 2021 R3L grade £5.70per kilo, a general shortage of finished lambs.

Inputs Fertilizer July 2019 £253.00 per tonne Nov 2021 £680.00 pt if you can forward buy for this product.

Rapeseed Oct 2017 25 tonne lorry load £187.50 per tonne

Oct 2021 per lorry load £261.00 per tonne.

Fuel Red diesel Nov 2017 50.69 ppl, Sept 2020 39.80ppl, Nov 2021 72.81ppl

Barley Straw Aug 2019 £76.00 per tonne, Aug 2021 £93.00 per tone

Wheat straw Aug £67.00 per tone Aug 2021 £86.00 per tone

Dairy feed cake 2008 £210.00 per tone, June 2019 £257.00pt June 2021 £269.00

Blend June 2019 £269.00, June 2021 £302.00

These are just a few of the prices and the uncertain future we have to face as prices of everything is very volatile at present. All that we sell is set by the buyer no matter what the costs, we have no say in the matter except don't buy or find another buyer, but they all work together. Try some thing different from the byproducts market, but that can upset the animals and growth rates or milk production.
