

AMENITIES WORKING GROUP REPORT 31.1.21

SURVEY OF GRIT BINS IN THE CHAR VALLEY

Cllr Creed-Castle and Cllr Jones will be doing this survey in the next month to ascertain

1. The location of each bin ****
2. Whether each bin is intact or need replacing
3. Whether each bin needs cleaning, especially on the lid
4. The number on each lid
5. How much grit is contained within the bin and whether it needs filling or topping up
6. Whether additional bins need to be installed at strategic points

***Even though there is a map to show the locations of each bin it is quite difficult to read.

The grid references will be added to the list at a later date when they are available.

SURVEY OF NOTICEBOARDS IN THE CHAR VALLEY

This will be done within the next few months to ascertain whether any noticeboards need repairing, painting or replacing.
